

Community Music School

COVID-19 Infection Prevention Plan: *Updated June 2021*

CMS will be mask optional when the Pennsylvania Department of Health lifts the state-wide mask mandate, currently scheduled for June 28th or sooner.

As we return to in-person learning, although masks will no longer be required in the building, CMS still takes the health and wellbeing of our community extremely seriously. **Individual students and individual faculty members may request each other to wear a mask in studio. Requests can be made through administration.** We ask that our full community take into consideration that the average age of our student is below vaccination age, and highly encourage everyone to continue to wear a mask. Anyone who exhibits signs of illness or has been exposed to someone exhibiting signs of illness should not attend any CMS in-person instruction.

- Winds and Voice: Plexiglass barriers will separate faculty and students.
- All wind instruments are required to be fitted with bell covers (provided by CMS).
- Voice will have extensive distancing practices in place.
- Sanitation procedure in place for instruments and barriers following each lesson.
- Ensembles and camps will have distancing practices in place in addition to above.

Virtual lesson or hybrid option will still be available for ALL instruments based on student preference
